

The Shannon Froio Foundation was established in memory of Shannon Elizabeth Froio, our 6 year-old daughter who lost her battle with acute lymphoblastic leukemia in 2007.

We honor Shannon by making a difference in the lives of families struggling to deal with a diagnosis of childhood cancer while their children are in treatment at the Dr. William J. Waters Center for Children's Cancer and Blood Disorders at Upstate's Golisano Children's Hospital. Our goal is to provide funds to ease the financial burden for families by offering assistance for daily living expenses and to give families the opportunity to have time together despite the hardships of cancer treatments.

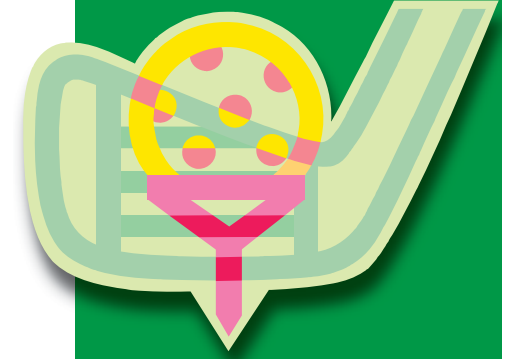

Thank you!
